**Independent Auditor’s Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards**

Board of Supervisors  
County of Imperial

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County of Imperial (the County), as of and for the year then ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the County’s basic financial statements and have issued our report thereon dated December 2, 2021. Our report includes a reference to other auditors who audited the financial statements of the Children & Families First Commission, as described in our report on the County’s financial statements. This report does not include the results of the other auditor’s testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

**Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the County 's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and questioned costs as items 2020-001 and 2020-002, that we consider to be material weaknesses.

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

**County's Responses to Findings**

The County's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs and the County's separate Corrective Action Plan. The County's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the responses.

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

San Diego, California  
December 2, 2021

**Independent Auditor's Report on Compliance for Each Major Federal Program; Report on Internal Control over Compliance; and Report on the Schedule of Expenditures of Federal Awards Required by the Uniform Guidance**

Board of Supervisors  
County of Imperial, California

**Report on Compliance for Each Major Federal Program**

We have audited the County of Imperial, California's (the County) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs for the year ended June 30, 2020. The County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

**Management's Responsibility**

Management is responsible for compliance with federal statutes, regulations, and terms and conditions of its federal awards applicable to its federal programs.

**Auditor's Responsibility**

Our responsibility is to express an opinion on compliance for each of the County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the County's compliance.

**Opinion on Each Major Federal Program**

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2020.

## **Other Matters**

The results of our auditing procedures disclosed instances of noncompliance, which are required to be reported in accordance with the Uniform Guidance and which are described in the accompanying schedule of findings and questioned costs as item 2020-003. Our opinion on each major federal program is not modified with respect to these matters.

The County's response to the noncompliance finding identified in our audit is described in the accompanying schedule of findings and questioned costs and the County's separate Corrective Action Plan. The County's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

## **Report on Internal Control over Compliance**

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses and significant deficiencies and therefore, material weaknesses and significant deficiencies may exist that have not been identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we identified a certain deficiency in internal control over compliance, as described in the accompanying schedule of findings and questioned costs as item 2020-003 that we consider to be a significant deficiency.

The County's response to the internal control over compliance findings identified in our audit is described in the accompanying schedule of findings and questioned costs and the County's separate Corrective Action Plan. The County's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

**Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance**

We have audited the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the County as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the County’s basic financial statements. We issued our report thereon dated December 2, 2021, which contained unmodified opinions on those financial statements. Our report included a reference to other auditors who audited the financial statements of the Children & Families First Commission, as described in our report on the County’s financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

**Note 1 - Summary of Significant Accounting Policies**

**A. Basis of Presentation**

The accompanying Schedule of Expenditures of Federal Awards (SEFA) presents the activity of all federal award programs of the County of Imperial, California (the County). Federal awards received directly from federal agencies as well as federal awards passed through other nonfederal agencies, primarily the State of California, are included in the schedule. The information is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the schedule presents only a selected portion of the operations of the County, it is not intended to and do not present the financial position, changes in net position, fund balance, or cash flows of the County. The County's reporting entity is defined in Note 1 to the County's basic financial statements.

**B. Accounting Policies**

Expenditures reported in the schedule are reported on the modified accrual basis of accounting for the governmental funds and on the accrual basis for the proprietary funds, except for subrecipient expenditures, which are recorded on the cash basis. When applicable, such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

**C. Relationship to Basic Financial Statements**

Amounts reported agree or can be reconciled with the amounts reported in the County's basic financial statements.

**Note 2 - Indirect Cost Rate**

The County has elected not to use the 10% de minimis cost rate allowed under the Uniform Guidance.

**Note 3 - Catalog of Federal Domestic Assistance (CFDA) Numbers**

The CFDA numbers included in the accompanying SEFA were determined based on the program name, review of grant contract information, and the Office of Management and Budget's Catalog of Federal Domestic Assistance.

**Note 4 - Direct and Indirect (Pass-Through) Federal Awards**

Federal awards may be granted directly to the County by a federal granting agency or may be granted to other government agencies which pass-through federal awards to the County. The SEFA includes both of these types of Federal award program expenditures.

**Note 5 - Aging Cluster**

The California Department of Aging considers other closely-related pass-through programs by the State to be included with the Aging Cluster, in accordance with 2 CFR 200.17.

**Note 6 - Medicaid Cluster**

Except for Medi-Cal administrative expenditures, Medicaid (Medi-Cal) and Medicare program expenditures are excluded from the SEFA. These expenditures represent fees for services; therefore, neither is considered a federal award program of the County for purposes of the SEFA or in determining major programs. The County assists the State of California in determining eligibility and provides Medi-Cal and Medicare services through County-owned health facilities. Medi-Cal administrative expenditures are included in the SEFA as they do not represent fees for services.

**Section I – Summary of Auditor’s Results**

**FINANCIAL STATEMENTS**

Type of auditor's report issued	Unmodified
Internal control over financial reporting:	
Material weaknesses identified	Yes
Significant deficiencies identified not considered to be material weaknesses	None noted
Noncompliance material to financial statements noted?	No

**Section II – Financial Statement Findings**

---

**2020-001      Financial Reporting  
Material Weakness**

***Criteria:***

In order to fairly present year-end financial statements in accordance with accounting principles generally accepted in the United States of America, management must perform a year-end closing process to accumulate, reconcile, and summarize information for inclusion in the trial balance and financial report. The closing process should include the review of all balances.

***Condition:***

During our audit, we noted the following:

- Certain liability transactions had not been accrued and required adjustment to accounts payable.
- Certain receivable balances were not properly adjusted to reflect amounts not received within the period of availability for governmental funds under the modified accrual basis of accounting.
- Lack of closing procedures to settle equity accounts. Additionally, we noted several instances of transactions being posted directly to equity accounts which required adjustment.
- Lack of tracking mechanism to ensure the reconciliation of beginning fund balance.
- Certain Interfund activity including transfers in and transfers out had not been recorded and required adjustment.
- The Sanitation Fund was incorrectly reported as a special revenue governmental fund. As a result, a restatement was required to correctly report the Sanitation Fund's activities as an enterprise fund.
- Certain capital assets were categorized as depreciable assets while they were under construction requiring an adjustment to construction in progress.
- An adjustment was necessary to post closure maintenance costs as part of the landfill liability at June 30.
- Audited financial information for a discretely presented component unit was not reconciled to the County's financial statements.

***Context:***

The condition noted above was identified during testing over various accounts and balances as we progressed through the audit.

***Effect:***

Due to the above condition, many adjustments were necessary to fairly present the financial statements.

***Cause:***

The County does not have the appropriate procedures in place to ensure year-end closing procedures are completed timely.

***Recommendation:***

Our recommendation is for the County to enhance its year-end closing process. This can be accomplished through a comprehensive closing checklist. The checklist should list each task, the person responsible for its completion, and the date the task should be completed.

***Views of Responsible Officials and Planned Corrective Action:***

See separate corrective action plan.

**2020-002      Schedule of Expenditures of Federal Awards Reporting  
Material Weakness**

***Criteria:***

Title 2, Subtitle A, Chapter II, Part 200, Subpart F, paragraph 502 (§ 200.502) of the Code of Federal Regulations stipulates that the determination of when a Federal award is expended must be based on when the activity related to the Federal award occurs. In general, these activities pertain to events that require the non-Federal entity to comply with Federal statutes, regulations, and the terms and conditions of Federal awards such as:

- Expenditure/expense transaction associated with awards including grants, cost-reimbursement contracts
- The disbursement of funds to subrecipients
- The use of loan proceeds under loan and loan guarantee programs
- The receipt of property, surplus property, or the use of program income.
- The distribution or use of food commodities
- The disbursement of amounts entitling the non-Federal entity to an interest subsidy, and
- The period when insurance is in force.

Additionally, Title 2, Subtitle A, Chapter II, Part 200, Subpart F, paragraph 510 (§ 200.510) of the same Code requires the auditee to prepare a Schedule of Expenditures of Federal Awards (SEFA) for the period covered by the auditee's financial statements which must include the total Federal award expended as determined in accordance with § 200.502. At the minimum, the schedule must:

- List individual Federal programs by Federal agency. For a cluster of programs, provide the cluster name, list individual Federal programs within the cluster of programs, and provide applicable Federal agency name.
- For Federal awards received as a subrecipient, the name of the passthrough entity and identifying number assigned by the pass-through entity must be included
- Provide total Federal awards expended for each individual Federal program and the CFDA number or other identifying number when the CFDA information is not available. For a cluster of programs also provide the total for the cluster.
- Include the total amount provided to subrecipients from each Federal program.

**Condition:**

During our testing of the SEFA, we noted the following:

- Costs that were not federally funded were included.
- Various adjustments were necessary including adjusting CFDA #s, program names and clusters.
- Various adjustments to reported expenditures were necessary resulting in changes to the determination of major programs.

**Cause:**

Costs are accumulated by various departments throughout the County and reported to the auditor-controller's office for inclusion on the SEFA. The County's procedures did not ensure that amounts reported on the SEFA included all required elements or were based on defined federal expenditures.

**Effect:**

The information provided for SEFA presentation required adjustment.

**Repeat Finding from Prior Year:**

Yes

**Recommendation:**

We recommend that the County continue to enhance its reporting procedures to ensure that defined federal expenditures are reported on the SEFA with all necessary identifying elements.

**Views of Responsible Officials and Planned Corrective Action:**

See separate corrective action plan.

---

**Section III – Federal Award Findings and Questioned Costs**

---

**2020-003**      **Program:** Temporary Assistance for Needy Families (TANF) Cluster  
**CFDA No.:** 93.558  
**Federal Grantor:** U.S. Department of Health and Human Services  
**Passed-through:** California Department of Social Services  
**Award No. and Year:** Various  
**Compliance Requirements:** Eligibility  
**Significant Deficiency in Internal Control over Compliance/Non-Compliance – Other Matters**

**Criteria:**

The Uniform Guidance Compliance Supplement requires that eligibility determinations and redeterminations, including obtaining any required documentation and verifications, were performed and the individual was determined to be eligible in accordance with the compliance requirements of the program. For each case, the client must go through an intake process that requires information on the SAWS 1, SAWS 2 Plus and CW 2.1 be obtained to determine eligibility. During the mid-year review, the participant must submit the SAR7 form in order to continue benefits

**Condition:**

During our participant case file testing, we noted that for two of 40 case files, support for eligibility determination and benefit continuation, such as SAWS 1, SAWS 2 Plus, CW 2.1 and SAR 7 could not be located.

**Cause:**

The condition was caused by the County’s Social Services department’s filing software not maintaining all required forms. Certain forms, including the approval forms, were located and tested without exception.

**Effect:**

Case data may not be current or accurate in the case file or the system, which could lead to initial and continued eligibility errors, inaccurate benefit calculations, and benefit overpayments.

**Questioned Costs:**

None reported

***Context:***

The condition above was identified during our testing of the eligibility requirements of the program.

***Repeat Finding from Prior Year:***

Yes

***Recommendation:***

We recommend that the County strengthen its established policies and procedures with regard to maintenance of case files.

***Views of Responsible Officials and Planned Corrective Action:***

See separate corrective action plan.

Summarized below is the status of all audit findings reported in the prior year audit’s schedule of audit findings and questioned costs.

**Financial Statement Findings:**

<b>Finding No.</b>	<b>Category</b>	<b>Status of Corrective Action</b>
2019-001	Landfill Closure and Post-closure Costs	Partially implemented - see 2020-001
2019-002	Claims Payable	Implemented
2019-003	Cash and Investments	Implemented
2019-004	Schedule of Expenditures of Federal Awards Reporting	Not implemented – see 2020-002
2019-005	Financial Report	Not implemented – see 2020-001

**Federal Award Findings:**

<b>Finding No.</b>	<b>Program Name/Description</b>	<b>CFDA No.</b>	<b>Compliance Requirement</b>	<b>Status of Corrective Action</b>
2019-006	Temporary Assistance for Needy Families (TANF) Cluster	93.558	Eligibility	Not implemented – see 2020-003
2019-007	Temporary Assistance for Needy Families (TANF) Cluster	93.558	Special Tests and Provisions	Implemented
