Independent Auditor’s Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

To the Board of Supervisors
County of Imperial
Imperial, California

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component unit, each major fund, and the aggregate remaining fund information of the County of Imperial, California (County), as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the County’s basic financial statements and have issued our report thereon dated May 25, 2023. Our report included an emphasis of matter paragraph regarding the County’s adoption of Governmental Accounting Standards Board Statement No. 84, Fiduciary Activities, effective July 1, 2020 and the County’s correction of errors and related restatement to beginning net position and fund balances as of June 30, 2020.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. However, as described in the accompanying schedule of findings and questioned costs, we identified certain deficiencies in internal control that we consider to be material weaknesses and significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiencies described in the schedule of findings and questioned costs as items 2021-001, 2021-002, and 2021-006 to be material weaknesses.
A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiencies described in the accompanying schedule of findings and questioned costs as items 2021-003 through 2021-005 to be significant deficiencies.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County’s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

County’s Response to Findings

The County’s response to the findings identified in our audit and described in the accompanying schedule of findings and questioned costs. The County’s responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity’s internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity’s internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Rancho Cucamonga, California
May 25, 2023
Independent Auditor’s Report on Compliance for Each Major Federal Program; Report on Internal Control Over Compliance; and Report on the Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

To the Board of Supervisors
County of Imperial
Imperial, California

Report on Compliance for Each Major Federal Program

We have audited the County of Imperial, California (County)’s compliance with the types of compliance requirements described in the OMB Compliance Supplement that could have a direct and material effect on each of the County’s major federal programs for the year ended June 30, 2021. The County’s major federal programs are identified in the summary of auditor’s results section of the accompanying schedule of findings and questioned costs.

Management’s Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor’s Responsibility

Our responsibility is to express an opinion on compliance for each of the County’s major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County’s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our qualified and unmodified opinions on compliance for each major federal program. However, our audit does not provide a legal determination of the County’s compliance.
Basis for Qualified Opinion on the WIOA Cluster and COVID-19 Coronavirus State and Local Fiscal Recovery Funds Program

As described in the accompanying schedule of findings and questioned costs, the County did not comply with the requirements regarding WIOA Cluster program (Assistance Listing nos. 17.258, 17.259, 17.277, 17.278), as described in finding numbers 2021-008 for subrecipient monitoring and 2021-010 for reporting. The County did not comply with the requirements regarding COVID-19 Coronavirus State and Local Fiscal Recovery Funds program (Assistance Listing no. 21.027), as described in finding number 2021-009 for allowable activities, allowable costs and cost principles, and period of performance. Compliance with such requirements is necessary, in our opinion, for the County to comply with the requirements applicable to the programs.

Qualified Opinion on WIOA Cluster and COVID-19 Coronavirus State and Local Fiscal Recovery Fund

In our opinion, except for the noncompliance described in the Basis for Qualified Opinion paragraph, the County complied, in all material respects, with the compliance requirements referred to above that could have had a direct and material effect on WIOA Cluster program and COVID-19 Coronavirus State and Local Fiscal Recovery Fund program for the year ended June 30, 2021.

Unmodified Opinion on Each of the Other Major Federal Programs

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its other major federal programs identified in the summary of auditor’s results section of the accompanying schedule of findings and questioned costs for the year ended June 30, 2021.

Other Matters

The results of our auditing procedures disclosed other instances of noncompliance, which are required to be reported in accordance with the Uniform Guidance and which are described in the accompanying schedule of findings and questioned costs as items 2021-007 and 2021-011. Our opinion on each major federal program is not modified with respect to these matters.

The County’s response to the noncompliance findings identified in our audit is described in the accompanying corrective action plan containing management’s response to the auditor’s findings. The County’s response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.
Report on Internal Control over Compliance

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County’s internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of County’s internal control over compliance.

Our consideration of internal control over compliance was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. However, as discussed below, we identified certain deficiencies in internal control over compliance that we consider to be material weaknesses and significant deficiencies.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. We consider the deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs as items 2021-008 through 2021-010 to be material weaknesses.

A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs as items 2021-007 and 2021-011 to be significant deficiencies.

The County’s response to the internal control over compliance findings identified are described in the accompanying schedule of findings and questioned costs. The County’s response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the County’s basic financial statements. We issued our report thereon dated May 25, 2023, which contained unmodified opinions on those financial statements. Our report contained an emphasis of matter stating that the County adopted Governmental Accounting Standards Board Statement No. 84, *Fiduciary Activities*, effective July 1, 2020. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. Our report included a reference to other auditors who audited the financial statements of the Children & Families First Commission, as described in our report on the County’s financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

Note 1 - Summary of Significant Accounting Policies

A. Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards (SEFA) presents the activity of all federal award programs of the County of Imperial, California (the County) for the year ended June 30, 2021. Federal awards received directly from federal agencies as well as federal awards passed through other nonfederal agencies, primarily the State of California, are included in the schedule. The information is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the schedule presents only a selected portion of the operations of the County, it is not intended to and do not present the financial position, changes in net position, fund balance, or cash flows of the County. The County’s reporting entity is defined in Note 1 to the County’s basic financial statements.

B. Accounting Policies

Expenditures reported in the schedule are reported on the modified accrual basis of accounting for the governmental funds and on the accrual basis for the proprietary funds, except for subrecipient expenditures, which are recorded on the cash basis. When applicable, such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

Note 2 - Indirect Cost Rate

The County has elected not to use the 10% de minimis cost rate allowed under the Uniform Guidance.

Note 3 - Assistance Listing (AL) Numbers

The AL numbers included in the accompanying SEFA were determined based on the program name, review of grant contract information, and the Office of Management and Budget’s Assistance Listing Catalog.

Note 4 - Direct and Indirect (Pass-Through) Federal Awards

Federal awards may be granted directly to the County by a federal granting agency or may be granted to other government agencies which pass-through federal awards to the County. The SEFA includes both of these types of Federal award program expenditures.

Note 5 - Aging Cluster

The California Department of Aging considers other closely-related pass-through programs by the State to be included with the Aging Cluster, in accordance with 2 CFR 200.17.
Note 6 - Medicaid Cluster

Except for Medi-Cal administrative expenditures, Medicaid (Medi-Cal) and Medicare program expenditures are excluded from the SEFA. These expenditures represent fees for services; therefore, neither is considered a federal award program of the County for purposes of the SEFA or in determining major programs. The County assists the State of California in determining eligibility and provides Medi-Cal and Medicare services through County-owned health facilities. Medi-Cal administrative expenditures are included in the SEFA as they do not represent fees for services.
Section I – Summary of Auditor’s Results

FINANCIAL STATEMENTS

Type of auditor’s report issued

Unmodified

Internal control over financial reporting:

Material weaknesses identified

Yes

Significant deficiencies identified not considered to be material weaknesses

Yes

2021-001 Adoption of New Accounting Standard
Type of Finding: Material Weakness

Criteria:

In order to fairly present the Financial Statements in accordance with accounting principles generally accepted in the United States of America, management must adopt the provisions of Government Accounting Standards Board (GASB) Statements. For the fiscal year ended June 30, 2021, the County was required to adopt GASB Statement No. 84, “Fiduciary Activities.”

Condition:

During our audit, we noted the County did not initially adopt GASB Statement No. 84, “Fiduciary Activities.” Material adjustments were made to the closed trial balance in order to adopt the new accounting standard.

Context:

The condition noted above was identified during our testing of the County’s accounting records.

Effect:

Due to the above condition, material adjustments were necessary to fairly state the financial statements. Additionally, the issuance of the County’s financial statements was significantly delayed.

Cause:

The County does not have sufficient procedures in place to ensure all required accounting standards are implemented accurately and timely.

Recommendation:

We recommend the County implement further policies and procedures in order to ensure all required accounting standards are implemented accurately and timely.

Views of Responsible Official:

See separate Corrective Action Plan.
2021-002 Reporting and Closing  
**Type of Finding:** Material Weakness

**Criteria:**

In order to fairly present year-end financial statements in accordance with accounting principles generally accepted in the United States of America, management must perform a year-end closing process to accumulate, reconcile, and summarize information for inclusion in the trial balance and financial report. The year-end closing process should include the review of all balances and activities.

**Condition:**

We noted the following:

- Within the General Fund, an adjustment in the amount of $2 million was recorded to account for the current year tax receivable.
- Within the Library Fund, an adjustment in the amount of $38 thousand was recorded to account for the current year tax receivable.
- Within the Fire Protection Fund, an adjustment in the amount of $482 thousand was recorded to account for the current year tax receivable.
- Within the General Fund, an adjustment in the amount of $856 thousand was recorded to reclassify revenues that were not received within the County’s period of availability as Deferred Inflows of Resources- Unavailable Revenues.
- Within the Public Health Fund, an adjustment in the amount of $1.2 million was recorded to reclassify revenues that were not received within the County’s period of availability as Deferred Inflows of Resources- Unavailable Revenues.
- Within the Behavioral Health Services Fund, an adjustment in the amount of $3.7 million was recorded to reclassify revenues that were not received within the County’s period of availability as Deferred Inflows of Resources- Unavailable Revenues.
- Within the Fire Protection Fund, an adjustment in the amount of $599 thousand was recorded to reclassify revenues that were not received within the County’s period of availability as Deferred Inflows of Resources- Unavailable Revenues.
- Within the Public Protection Fund, an adjustment in the amount of $1 million was recorded to reclassify revenues that were not received within the County’s period of availability as Deferred Inflows of Resources- Unavailable Revenues.
- Within the Fire Protection Fund, an adjustment in the amount of $50 thousand was recorded to account for an Accounts Payable and Expenditure transaction not previously recorded.
- Within the Sanitation Fund, an adjustment in the amount of $30 million was recorded to account for prior year closure and post-closure liabilities not recorded in the trial balance, the current year increase in the closure and post-closure liabilities, and an additional corrective action liability not previously recorded.
- Within the American Rescue Plan Act Fund, an adjustment of 11.4 million was recorded to reclassify revenues recorded as unearned revenue.
• Within the Sanitation Fund, an adjustment in the amount of $76.6 thousand was recorded to reclassify depreciation expense out of equity.
• Within the Medical Plan Internal Service Fund, an adjustment in the amount of $10 million dollars was recorded to reclassify expenses recorded to equity.
• Immaterial adjustments within the Special Revenue Funds and the Internal Service Funds were recorded to reclassify inventory activities, various expenditures, and compensated absences activities recorded to equity.
• An entry in the amount of $5.1 million was recorded to reconcile the County capital assets records to the County trial balance.
• Transfers in the amount of $27 million were reclassed from revenues and expenditures.
• An adjustment in the amount of $25 million was recorded to reclass negative cash balances to short-term interfund borrowings.
• Within the General Fund, a prior period adjustment of $1.5 million was recorded to account for the County’s OPEB Trust Activity within the Fiduciary Activity.
• Within the Disaster Recovery Fund, a prior period adjustment of $739 thousand was recorded to adjust for revenues recorded twice.
• Governmental Activities beginning net position was restated in the amount of $1.1 million to account for assets not previously recorded.
• Business-Type Activities and the Sanitation Fund beginning net position was restated in the amount of $308 thousand to account for capital assets recorded twice.
• Activities within the Planning Department Fund, the Auditor Fund, and the Public Ways Fund, which were classified by the County as special revenue fund activities, were reclassed into the General Fund to properly classify the funds’ activities.
• Activities within the DNA Identification- Local Fund, which was classified by the County as a custodial fund, was reclassified to a special revenue fund to properly classify the fund’s activities.

**Context:**

The condition noted above was identified during testing over various account balances and activities.

**Effect:**

Due to the above condition, many adjustments were necessary to fairly state the financial statements.

**Cause:**

The County does not have sufficient procedures in place to ensure a proper year-end closing is completed accurately and timely.
Recommendaion:

We recommend that the County implement year-end closing processes in order to ensure the financials are fairly stated in all material respects, and completed timely.

Views of Responsible Officials and Planned Corrective Action:

See separate Corrective Action Plan.

2021-003 Procurement/Purchasing
Type of Finding: Significant Deficiency

Criteria:

Management is responsible for implementing internal controls and maintaining appropriate documentation to support all County purchases in accordance with the County Procurement Policy (Policy # PUR-PO-001 2019). Additionally, Management is responsible for maintaining a system of internal controls to mitigate the risk of unapproved purchases being processed.

Condition:

During our testing over the County’s procurement process, we noted one (1) instance in which the County was unable to provide documentation to support the procurement of goods in accordance with the County’s purchasing policies. We sampled 40 transactions to test for procurement. Of those, 1 transaction selected for testing required informal solicitations of which, the County was unable to provide evidence of obtaining three quotes for the purchase. The purchase totaled $9.4 thousand.

Additionally, as part of our testing over purchases, we identified payments to vendors that exceed the approved purchase order amount are able to be processed within the County’s accounting system.

Context:

The condition noted above was identified during testing over the County’s purchasing and procurement process.

Effect:

Due to the above condition, we determined the County is not consistently following its procurement policies And there is potential for payments to vendors to be greater than what was approved without proper review.
Cause:

The County does not have sufficient procedures in place to ensure documentation is maintained to support procured purchases. Additionally, the County does not have sufficient system controls in place to ensure payment on invoices does not exceed the initially approved purchase order amount.

Recommendation:

We recommend the County implement additional policies and procedures to ensure documentation is maintained to support all County purchases. Additionally, we recommend the County set up internal controls within its accounting software to ensure processed invoices cannot exceed the related approved purchase order dollar amounts.

Views of Responsible Officials and Planned Corrective Action:

See separate Corrective Action Plan.

2021-004 Timecard Approvals

Type of Finding: Significant Deficiency

Criteria:

In order to ensure accurate time reporting, department managers and supervisors should perform a timely review of each employees’ pay prior to the processing of payroll.

Condition:

During our testing over the County’s payroll process, we noted instances in which the County was unable to provide support for department managements’ approval of certain employees’ timecards. We sampled 60 transactions to test for timecard approvals. Of those, we observed 22 transactions in which there was no documented review and approval of the time input on the timecards.

Context:

The condition noted above was identified during testing over the County’s payroll process.

Effect:

Lack of review of employee timecards can result in inaccurate employee pay, which is not detected timely.
**Cause:**

The County does not have sufficient procedures in place to ensure timely review of all employee timecards.

**Recommendation:**

We recommend the County implement additional policies and procedures to ensure employee timecards are reviewed timely.

**Views of Responsible Officials and Planned Corrective Action:**

See separate Corrective Action Plan.

---

**2021-005 Journal Entry Approvals**

**Type of Finding:** Significant Deficiency

**Criteria:**

The use of journal entries is an important element of the County’s financial processes. Journal entries are used to transfer amounts between funds, post adjustments and perform accruals. In order to ensure accurate financial reporting, management should perform a timely review of each journal entry prior to posting to, the County’s system.

**Condition:**

During our testing over the County’s tax allocation, we observed that the journal entry posted to record the allocation was not reviewed and approved by a separate individual prior to posting. Additionally, we noted there is no system control in place to prevent the posting of journal entries without a separate reviewer’s approval.

**Context:**

The condition noted above was identified during testing over the County’s tax allocation process.

**Effect:**

Journal entries posted to the accounting system without appropriate review can result in inaccurate financial reporting.
Cause:

The County did not appropriately review and approve the selected entry prior to being posted to the County’s general ledger. Additionally, the County’s financial reporting software does not have system controls in place to prevent the preparation and posting of transactions by the same individual.

Recommendation:

We recommend the county implement controls to ensure all entries posted to the County’s general ledger are reviewed and approved by a separate individual then the preparer prior to posting to the financial statements.

Views of Responsible Officials and Planned Corrective Action:

See separate Corrective Action Plan.

2021-006 Schedule of Expenditures of Federal Awards Reporting
Type of Finding: Material Weakness

Criteria:

Title 2, Subtitle A, Chapter II, Part 200, Subpart F, paragraph 502 (§ 200.502) of the Code of Federal Regulations stipulates that the determination of when a Federal award is expended must be based on when the activity related to the Federal award occurs. In general, these activities pertain to events that require the non-Federal entity to comply with Federal statues, regulations, and the terms and conditions of Federal awards such as:

- Expenditure/expense transaction associated with awards including grants, cost-reimbursement contracts,
- The disbursement of funds to subrecipients,
- The use of loan proceeds under loan and loan guarantee programs,
- The receipt of property, surplus property, or the use of program income,
- The distribution or use of food commodities,
- The disbursement of amounts entitling the non-Federal entity to an interest subsidy, and
- The period when insurance is in force.
Additionally, Title 2, Subtitle A, Chapter II, Part 200, Subpart F, paragraph 510 (§ 200.510) of the same Code requires the auditee to prepare a Schedule of Expenditures of Federal Awards (SEFA) for the period covered by the auditee’s financial statements which must include the total Federal award expended as determined in accordance with § 200.502. At the minimum, the schedule must:

- List individual Federal programs by Federal agency. For a cluster of programs, provide the cluster name, list individual Federal programs within the cluster of programs, and provide applicable Federal agency name.
- For Federal awards received as a subrecipient, the name of the passthrough entity and identifying number assigned by the pass-through entity must be included.
- Provide total Federal awards expended for each individual Federal program and the CFDA number or other identifying number when the CFDA information is not available. For a cluster of programs also provide the total for the cluster.
- Include the total amount provided to subrecipients from each Federal program.

**Condition:**

During our testing of the County’s SEFA, we noted the following:

- Expenditures of $28M could not be reconciled to supporting documentation.
- Various adjustments were necessary including adjusting CFDA numbers, program names and clusters.

**Context:**

The condition noted above was identified during testing over the County’s SEFA.

**Effect:**

Material adjustments to the SEFA were required to reconcile to the County’s records.

**Cause:**

Costs are accumulated by various departments throughout the County and reported to the auditor-controller’s office for inclusion on the SEFA. The County’s procedures did not ensure that amounts reported on the SEFA included all required elements or were based on defined federal expenditures.

**Recommendation:**

We recommend that the County continue to enhance its reporting procedures to ensure that defined federal expenditures are reported on the SEFA with all necessary identifying elements.

**Views of Responsible Official:**

See separate Corrective Action Plan.
Section III – Federal Award Findings and Questioned Costs

2021-007

Program: COVID-19 Coronavirus Relief Fund
Federal Financial Assistance Listing Number: 21.019
Federal Grantor: U.S. Department of Treasury
Pass-Through: California Department of Treasury
Award No. and Year: 2021

Compliance Requirements: Subrecipient Monitoring
Type of Finding: Significant Deficiency in Internal Control and Instance of Noncompliance

Criteria:

Title 2 U.S. Code of Federal Regulations (CFR) Part 200.331(a), Requirements for Pass-Through Entities, states that all pass-through entities must ensure that every subaward is clearly identified to the subrecipient as a subaward and includes certain information as well as all the requirements imposed by the pass-through entity on the subrecipient so that the Federal award is used in accordance with Federal statutes, regulations, and the terms and conditions of the award.

In accordance with 2 CFR 200.332, pass-through entities must comply with the following:

• 2 CFR section 200.332(b) - Evaluate each subrecipient’s risk of noncompliance with Federal statutes, regulations and the terms and conditions of the subaward for purpose of determining the appropriate subrecipient monitoring.
• 2 CFR 200.332(d) - Monitor the activities of the subrecipient as necessary to ensure that the subaward is used for authorized purposes, in compliance with Federal statutes, regulations, and the terms and conditions of the subaward; and that subaward performance goals are achieved. Pass-through entity monitoring of the subrecipient must include the information at 2 CFR 200.332(d)(1) through (4).
• 2 CFR 200.332(f) – Verify that every subrecipient is audited as required by Subpart F of this part when it is expected that the subrecipient’s Federal awards expended during the respective fiscal year equaled or exceeded the threshold set forth in 200.501.

Condition:

During our testing of the County’s County Executive Office (CEO) provisions for subrecipient monitoring over the Coronavirus Relief Fund (CRF), we noted the following instances:

• The following information was not provided at the time of the subaward for four (4) of four (4) subawards selected for testing:
  o Subrecipient’s unique entity identifier
  o Federal award identification number
  o Federal award date of award to recipient by the Federal agency
  o Subaward period of performance
  o Amount of federal funds obligated to the subrecipient
The County did not have any formal controls or procedures in place for evaluating each subrecipient’s risk of noncompliance.

The County did not have any formal controls or procedures in place for subrecipient monitoring.

**Context:**

A nonstatistical sample of four (4) of thirteen (13) subrecipients were sampled. The condition above was identified during our procedures related to subrecipient monitoring and was pervasive to the program.

**Effect:**

The County’s CEO department did not identify the required key elements of subawards to the subrecipients at the time of the subaward, increasing the risk of noncompliance. Additionally, the County’s CEO department did not maintain policies and procedures to align with the Subrecipient Monitoring requirements in 2 CFR 200.332 and did not comply with subrecipient monitoring requirements related to the program.

**Cause:**

The County’s CEO department did not consistently ensure that the required award information and applicable requirements were communicated to the subrecipients. Additionally, the County’s CEO department did not maintain policies and procedures to align with the Subrecipient Monitoring requirements in 2 CFR 200.332.

**Questioned Costs:**

No questioned costs were identified as a result of our procedures.

**Repeat Finding from Prior Year(s):**

No.
Recommendation:

We recommend that the County implement policies and procedures in accordance with 2 CFR 200.331 and 200.332 to ensure compliance with subrecipient monitoring requirements.

View of Responsible Officials and Planned Corrective Action:

See separate Corrective Action Plan.

2021-008 Program: WIOA Cluster
Federal Financial Assistance Listing Number: 17.258, 17.259, 17.277, 17.278
Federal Grantor: U.S. Department of Labor
Pass-Through: California Department of Employment Development
Award No. and Year: AA011008 and 2019

Compliance Requirements: Subrecipient Monitoring
Type of Finding: Material Weakness in Internal Control over Compliance and Material Noncompliance

Criteria:

2 CFR Section 200.303(a), Internal Controls, states that the non-Federal entity must establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award.

2 CFR Part 200.331(a), Requirements for Pass-Through Entities, states that all pass-through entities must ensure that every subaward is clearly identified to the subrecipient as a subaward and includes certain information as well as all the requirements imposed by the pass-through entity on the subrecipient so that the Federal award is used in accordance with Federal statutes, regulations, and the terms and conditions of the award.

2 CFR section 200.332(b), Requirements for Pass-Through Entities, states that all pass-through entities must evaluate each subrecipient’s risk of noncompliance with Federal statues, regulations and the terms and conditions of the subaward for purpose of determining the appropriate subrecipient monitoring.
Condition:

During our testing of the Imperial County Workforce Development Office’s (ICWDO) provisions for subrecipient monitoring under the WIOA Cluster, we noted the following instances:

- For one (1) of the one (1) subrecipient selected for testing, there was no review or approval over the monitoring procedures performed by ICWDO monitoring staff.
- The following information was not provided at the time of the subaward for one (1) of the one (1) subaward selected for testing:
  - Federal award identification number
  - Federal award date of award to recipient by the Federal agency
  - Name of federal awarding agency
  - Federal Financial Assistance Listing/CFDA Number
  - Identification of whether the award is research and development
- The County did not document their evaluation of each subrecipient’s risk of noncompliance.

Context:

The entire population of one (1) subrecipient was selected for the WIOA Cluster with ICWDO. The condition above was identified during our procedures related to subrecipient monitoring and was pervasive to the program.

Effect:

The County’s ICWDO department did not review and approve monitoring procedures performed over its subrecipients. Additionally, the ICWDO department did not maintain policies and procedures to align with the Subrecipient Monitoring requirements in 2 CFR 200.331(a) and 200.332(b).

Cause:

The County’s ICWDO department does not have a formal procedure in place for the department’s review and approval over the monitoring procedures performed by the department over its subrecipients. The ICWDO department did not ensure that the required award information and applicable requirements were communicated to the subrecipients and did not maintain documentation of their evaluation of each subrecipient’s risk of noncompliance.

Questioned Costs:

No questioned costs were identified as a result of our procedures.

Repeat Finding from Prior Year(s):

No.
County of Imperial, California  
Schedule of Findings and Questioned Costs  
Year Ended June 30, 2021

**Recommendation:**

We recommend that the County implement policies and procedures in accordance with 2 CFR 200.331(a) 200.332(b) to ensure compliance with subrecipient monitoring requirements and that require the review and approval of the monitoring procedures performed over its subrecipients by a separate individual.

### 2021-009

**Program:** COVID-19 Coronavirus State and Local Fiscal Recovery Funds (ARPA)  
**Federal Financial Assistance Listing Number:** 21.027  
**Federal Grantor:** U.S. Department of Treasury  
**Award No. and Year:** 2021

**Compliance Requirements:** Allowable Activities, Allowable Costs and Cost Principles and Period of Performance  
**Type of Finding:** Material Weakness in Internal Control over Compliance and Material Noncompliance

**Criteria:**

Per section 602(g)(1) of the Social Security Act as added by section 9901 of the American Rescue Plan Act of 2021, recipients may only use funds to cover costs incurred during the period beginning on March 3, 2021 and ending on December 31, 2024.

2 CFR Section 200.303(a), Internal Controls, states that the non-Federal entity must establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award.

**Condition:**

During our testing the County’s County Executive Office’s (CEO) provisions for allowable activities, allowable costs and cost principles, and period of performance, we noted the following instance:

- The County’s ARPA payroll allocation contained $2.6M of safety payroll expenditures from the period of March 2020 through December 2020.
- The County’s ARPA payroll allocation did not have any evidence of the CEO department’s review and approval.
Context:

The entire population of one ARPA payroll allocation was tested. The condition noted above was identified during our procedures related to allowable activities, allowable costs and cost principles and period of performance.

Effect:

The County did not ensure the expenditures included in their ARPA payroll allocation were within the program’s period of performance and included $2.6M of expenditures that occurred outside the program’s period of performance. Additionally, the County’s process was not consistently followed, which requires specific levels of review and approval over transactions.

Cause:

The County did not ensure the expenditures included in their ARPA payroll allocation were within the program’s period of performance. Additionally, the County did not ensure their process was followed accordingly relating to the review and approval over transactions.

Questioned Costs:

The March-December 2020 payroll expenditures included in the payroll allocation for ARPA totaled to $2,600,000.

Repeat Finding from Prior Year(s):

No.

Recommendation:

We recommend the County comply with section 602(g)(1) of the Social Security Act as added by section 9901 of the American Rescue Plan Act of 2021, and ensure expenditures claimed under the ARPA program fall within the grant’s period of performance. Additionally, we recommend the County adhere to their policies and ensure the required level of review and approval is completed and documented.

See separate Corrective Action Plan.
Program: WIOA Cluster

Federal Financial Assistance Listing Number: 17.258, 17.259, 17.277, 17.278

Federal Grantee: U.S. Department of Labor

Pass-Through: California Department of Employment Development

Award No. and Year: AA011008 and 2019

Compliance Requirements: Reporting

Type of Finding: Material Weakness in Internal Control over Compliance and Material Noncompliance

Criteria:

OMB No. 1205-0461 states that all Employment and Training Administration (ETA) grantees are required to submit quarterly financial reports for each grant award they receive. Financial data is required to be reported cumulatively from grant inception through the end of each reporting period.

2 CFR Section 200.303(a), Internal Controls, states that the non-Federal entity must establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award.

Condition:

During our testing of Imperial County Workforce Development Office’s (ICWDO) provisions for reporting requirements, we noted the following instances:

- For two (2) of the two (2) quarterly reports, the amounts reported did not agree to the amounts recorded in the County’s general ledger and SEFA
- For four (4) of the four (4) monthly reports, the amounts reported did not agree to the amounts recorded in the County’s general ledger and SEFA
- For one (1) of the one (1) closeout report, the amounts reported did not agree to the amounts recorded in the County’s general ledger and SEFA
- For four (4) of the four (4) monthly reports, the reports were prepared, reviewed, and approved by the same individual

Context:

A nonstatistical sample as noted below was selected for testing:

- Two (2) of the four (4) quarterly reports
- Four (4) of the twelve (12) monthly reports

The entire population of the closeout report was selected for testing.
Effect:

The ICWDO department’s procedures were not consistently followed, which requires reports to agree to the amounts recorded in the general ledger and SEFA and requires reports to be reviewed and approved by a separate individual.

Cause:

ICWDO did not ensure the amounts reported on the quarterly financial reports agreed to the amounts recorded in the County’s general ledger and SEFA and did not ensure there was segregation of duties over the preparation and review and approval of the monthly reports.

Questioned Costs:

No questioned costs were identified as a result of our procedures.

Repeat Finding from Prior Year(s):

No.

Recommendation:

We recommend ICWDO adhere to their policies and procedures and ensure amounts reported on the quarterly financial reports agree to the County’s general ledger and SEFA and ensure segregation of duties over the preparation and approval of monthly reports.

See separate Corrective Action Plan.

2021-011 Program: Child Support Enforcement
Federal Financial Assistance Listing Number: 93.563
Federal Grantor: U.S. Department of Health and Human Services
Pass-Through: California Department of Social Services
Award No. and Year: 2021

Program: Supplemental Nutrition Assistance Program Cluster
Federal Financial Assistance Listing Number: 10.561
Federal Grantor: U.S. Department of Food and Agriculture
Pass-Through: California Department of Food and Nutrition Service
Award No. and Year: 19-10356 and 2020, and 2021
County of Imperial, California
Schedule of Findings and Questioned Costs
Year Ended June 30, 2021

Program: Social Services Block Grant
Federal Financial Assistance Listing Number: 93.667
Federal Grantor: U.S. Department of Health and Human Services
Pass-Through: Administration for Children and Families
Award No. and Year: 2021

Program: WIOA Cluster
Federal Financial Assistance Listing Number: 17.258, 17.259, 17.277, 17.278
Federal Grantor: U.S. Department of Labor
Pass-Through: California Department of Employment Development
Award No. and Year: AA011008 and 2019

Compliance Requirements: Allowable Activities and Allowable Costs and Cost Principles
Type of Finding: Significant Deficiency in Internal Control

Criteria:

2 CFR Section 200.303(a), Internal Controls, states that the non-Federal entity must establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award.

Condition:

During our testing for the Child Support Enforcement program of the Child Support Services department’s (CSS) provisions for allowable activities and allowable costs and cost principles, we noted the following instance:

- For one (1) of sixty (60) transactions selected for testing, the employee did not fill out a time certification and the employee’s supervisor did not ensure the form was completed and submitted when due.

During our testing for the Supplemental Nutrition Assistance Program Cluster (SNAP) and the Social Services Block Grant Program of the Department of Social Services’ (DSS) provisions for allowable activities and allowable costs and cost principles tested through the County Expense Claim (CEC), we noted the following instance:

- For one (1) of the sixty (60) transactions selected for testing, the employee’s supervisor did not review and approve the employee’s time study.

During our testing for the WIOA Cluster of the Imperial County Workforce Development Office’s (ICWDO) provisions for allowable activities and allowable costs and cost principles, we noted the following instances:

- For one (1) of the sixty (60) transactions selected, there was no evidence of review or approval over the journal entry made to record the transaction.
- For three (3) of the sixty (60) transactions selected, there was no evidence of review or approval over the related claim form.
**Context:**

As the population was greater than two hundred-fifty (250) transactions, a nonstatistical sample of sixty (60) transactions were sampled for the Child Support Enforcement Program. The condition above was identified during our procedures related to allowable activities and allowable costs and cost principles.

As the population was greater than two hundred-fifty (250) transactions, a nonstatistical sample of sixty (60) were sampled for the SNAP and Social Services Block Grant Program tested through CEC. The condition above was identified during our procedures related to allowable activities and allowable costs and cost principles.

As the population was greater than two hundred-fifty (250) transactions, a nonstatistical sample of sixty (60) were sampled for the WIOA Cluster. The condition above was identified during our procedures related to allowable activities.

**Effect:**

The CSS, DSS and ICWDO departments’ processes were not consistently followed, which require specific levels of review and approval over transactions.

**Cause:**

The CSS, DSS and ICWDO departments did not ensure their control processes were followed accordingly.

**Questioned Costs:**

No questioned costs were identified as a result of our procedures.

**Repeat Finding from Prior Year(s):**

No.

**Recommendation:**

We recommend the CSS, DSS and ICWDO departments adhere to their policies and ensure the required level of review and approval is completed and documented.

**View of Responsible Officials and Planned Corrective Action:**

See separate Corrective Action Plan.
