## REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

### *Independent Auditors' Report*

Honorable Board of Supervisors  
County of Imperial  
El Centro, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the basic financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the County of Imperial, California (the "County") as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated July 19, 2024. Our report includes a reference to other auditors who audited the financial statements of the Children and Families First Commission (Commission), or the financial statements of the Imperial County Employees' Retirement System Pension Trust Fund (Pension Trust), component units of the County, as described in our report on the County's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

### **Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying schedule of findings and questioned costs, we identified certain deficiencies in internal control that we consider to be material weaknesses and significant deficiencies.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. We consider the deficiency described in the accompanying schedule of findings and questioned costs as item 2022-001 to be a material weakness.

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiencies described in the accompanying schedule of findings and questioned costs as item 2022-002, 2022-003, and 2022-004 to be significant deficiencies.

**Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the County’s basic financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

**The County’s Response to Findings**

*Government Auditing Standards* requires the auditor to perform limited procedures on the County’s response to the findings identified in our audit and described in the accompanying schedule of findings and questioned costs. The County’s response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

**Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity’s internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity’s internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM,  
REPORT ON INTERNAL CONTROL OVER COMPLIANCE, AND REPORT ON THE  
SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS REQUIRED BY THE UNIFORM GUIDANCE**

**Independent Auditors' Report**

Honorable Board of Supervisors  
County of Imperial, California

**Report on Compliance for Each Major Federal Program**

***Opinion on Each Major Federal Program***

We have audited County of Imperial, California's (the "County") compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs for the year ended June 30, 2022. The County's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

***Basis for Opinion on Each Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the County and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the County's compliance with the compliance requirements referred to above.

***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the County's federal programs.

***Auditors’ Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the County’s compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the County’s compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, *Government Auditing Standards*, and the Uniform Guidance we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the County’s compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the County’s internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the County’s internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

***Other Matters***

The results of our auditing procedures disclosed instances of noncompliance which are required to be reported in accordance with the Uniform Guidance and which are described in the accompanying schedule of findings and questioned costs as items 2022-005, 2022-006, and 2022-007. Our opinion on each major federal program is not modified with respect to these matters.

**Report on Internal Control Over Compliance**

Our consideration of internal control over compliance was for the limited purpose described in the Auditors’ Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we did identify certain deficiencies in internal control over compliance that we consider to be material weaknesses.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. We consider the deficiency in internal control over compliance described in the accompanying schedule of findings and questioned costs as item 2022-006 to be a material weakness.

A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs as items 2022-005 and 2022-007 to be significant deficiencies.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

*Government Auditing Standards* requires the auditor to perform limited procedures on the County's response to the internal control over compliance findings identified in our compliance audit described in the accompanying schedule of findings and questioned costs. The County's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

#### **Report on the Schedule of Expenditures of Federal Awards Required by the Uniform Guidance**

We have audited the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the County, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the County's basic financial statements. Other auditors audited the financial statements the Children and Families First Commission, or the financial statements of the Imperial County Employees' Retirement System Pension Trust Fund, as described in our report on the County's financial statements. We issued our report thereon dated July 19, 2024, which contained unmodified opinions on those financial statements. Our audit was performed for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

**County of Imperial**  
**Notes to the Schedule of Expenditures of Federal Awards**  
**For the Year Ended June 30, 2022**

---

**Note 1 – Reporting Entity**

The accompanying schedule of expenditures of federal awards (the “Schedule”) includes the federal award activity of County of Imperial, California (the “County”) under programs of the federal government for the year ended June 30, 2022. The information in this Schedule is presented in accordance with the requirements of *Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the County, it is not intended to and does not present the financial position, changes in net position, or cash flows of the County. The County’s reporting entity is defined in Note 1 to the County's basic financial statements.

**Note 2 – Summary of Significant Accounting Policies**

Funds received under the various grant programs have been recorded within the general fund, special revenue funds and proprietary funds of the County. The County utilizes the modified accrual method of accounting for the General Fund and special revenue funds and accrual method of accounting for proprietary funds. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Under these principles, certain types of expenditures are not allowable or are limited as to reimbursement. Therefore, some amounts presented in the Schedule may differ from amounts presented in, or used in the preparation of, the financial statements. Because the Schedule presents only a selected portion of the operations of the County, it is not intended to and does not present the financial position, changes in net position, or cash flows of the County.

**Note 3 – Federal Assistance Listing Numbers**

The Federal Assistance Listing Numbers (ALNs) included in the accompanying Schedule were determined based on the federal program name, review of grant contract information, and the U.S. General Services Administration’s SAM.gov website. When no ALN had been assigned to a program, the two-digit federal agency identifier and the federal contract number were used. When there was no federal contract number, the two-digit federal agency identifier and the word “unknown” were used.

**Note 4 – Pass-Through Entities’ Identifying Number**

When federal awards were received from a pass-through entity, the Schedule shows, if available, the identifying number assigned by the pass-through entity. When no identifying number is shown, the County determined that no identifying number is assigned for the program or the County was unable to obtain an identifying number from the pass-through entity.

**Note 5 – Indirect Cost Rate**

The County, as a whole, has not elected to use the 10 percent de minimis indirect cost rate allowed under the Uniform Guidance. Individual departments, or programs, may have a negotiated rate or they may have elected to use the 10 percent de minimis indirect cost rate within their individual grants.

**Note 6 – Aging Cluster**

The California Department of Aging considers other closely-related pass-through programs by the State to be included with the Aging Cluster, in accordance with 2 CFR 200.17.

**Note 7 – Medicaid Cluster**

Except for Medi-Cal administrative expenditures, Medicaid and Medicare program expenditures are excluded from the Schedule. These expenditures represent fees for services; therefore, neither is considered a federal award program of the County for purposes of the Schedule or in determining major programs. The County assists the State of California (the “State”) in determining eligibility and provides Medi-Cal and Medicare services through County-owned health facilities. Medi-Cal administrative expenditures are included in the Schedule as they do not represent fees for services.

**Section II – Financial Statement Findings**

**Finding 2022-001      Internal Control Over Financial Reporting**

**Criteria:**

Management is responsible for designing, implementing, and maintaining appropriate internal control over financial reporting and compliance. Management is also responsible for the accuracy of the financial statements including disclosures.

The internal control should include establishing or enhancing guidance in the following areas:

- *Control environment* sets the tone of an organization, influencing the control consciousness of its people. It is the foundation for all other components of internal control, providing discipline and structure.
- *Risk assessment* is the entity's identification and analysis of relevant risks to achievement of its objectives, forming a basis for developing appropriate risk responses.
- *Control activities* are the actions management establishes through policies and procedures to achieve objectives and respond to risks in the internal control system.
- *Information and communication* systems support the identification, capture, and exchange of information in a form and time frame that enables people to carry out their responsibilities.
- *Monitoring* consists of activities management establishes and operates to assess the quality of performance over time.

**Condition:**

During the audit, as discussed in Note 17 to the basic financial statements, the County restated its beginning net position/fund balance of the government-wide governmental activities and business-type activities, governmental funds, enterprise funds, and internal service funds as follows:

- Prior period adjustments were recorded in the General Fund (\$1.7 million), Fire Protection Special Revenue Fund (\$483 thousand), and Library Special Revenue Fund (\$38 thousand) were recorded to correct improperly accrued property taxes receivable and understated sales tax receivable.
- A prior period adjustment was recorded in the 1911 Realignment Special Revenue Fund (\$20.8 million) to reclassify prior year revenues recorded as unearned revenue.
- Prior period adjustments were recorded in the Community Development Block Grant Special Revenue Fund (\$1.4 million), Disaster Recovery Grant Special Revenue Fund (\$1.4 million), First Time Home Buyer Special Revenue Fund (\$2.4 million), Housing Rehabilitation Special Revenue Fund (\$182 thousand), Water Treatment Special Revenue Fund (\$31 thousand), and USDA Special Revenue Fund (\$1.3 million) to record accrued interest receivable on loans as unavailable revenue.
- A prior period adjustment was recorded in the Sanitation Enterprise Fund (\$20.0 million) to correct improperly accrued landfill corrective action costs liability.
- A prior period adjustment was recorded in the Clearing/Revolving Internal Service Fund (\$4.5 million) to correct improperly accrued Electronic Benefit Transfer (EBT) payable.
- Governmental Activities beginning net position was restated in the amount of \$16.3 million to record construction in progress excluded from previous years capital assets \$6.7 million, to include internal service fund period adjustments, and to include governmental fund prior period adjustments.
- Business-Type Activities beginning net position was restated in the amount of \$19.9 million to account for prior period adjustments noted in the enterprise funds.

---

**Section II – Financial Statement Findings (Continued)**

**Finding 2022-001 Internal Control Over Financial Reporting (Continued)**

**Identification as a Repeat Finding, If Applicable:**

Yes. See Finding. 2021-002.

**Cause:**

The County's current process did not ensure that all balances were fairly presented and properly disclosed in a timely manner.

**Effect:**

Restatements of beginning net position/fund balance as of July 1, 2021 for both the government-wide financial statements and certain individual fund financial statements were necessary to fairly present the County's financial statements.

**Recommendation:**

We recommend the County evaluate its staff size for Finance Division. We also recommend the County update and follow its policy to review and reconcile the general ledger. The policy and procedures should also include the year-end closing procedures and the accounts to be reconciled in accordance with Governmental Accounting Standards Board Statements and provide training to staff to properly perform the reconciliation and closing.

**View of Responsible Officials and Planned Corrective Action:**

See separate Corrective Action Plan.

**Finding 2022-002 Delay in Financial Reporting**

**Criteria:**

Management is responsible for providing timely and accurate financial information. Since the County has expended over \$750,000 of expenditures of federal awards, Title 2 *U.S. Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Award* (Uniform Guidance), states the County is required to submit the Data Collection Form and the reporting package to the Federal Audit Clearinghouse and the State Controller's Office, which include the Basic Financial Statements of the County, within the earlier of 30 days after receipt of auditor's report, or nine month after the end of the audit period.

**Condition:**

The County has experienced significant delays in the preparation and issuance of the 2022 basic financial statements and its Single Audit required under Uniform Guidance.

**Cause:**

Due to changes in accounting staff and significant unforeseen workload impacts the Finance Department had difficulty handling the day-to-day operations and perform year-end closing procedures and the required external reporting functions simultaneously in order to provide timely financial statements.

**County of Imperial**  
**Schedule of Findings and Questioned Costs (Continued)**  
**For the Year Ended June 30, 2022**

---

**Section II – Financial Statement Findings (Continued)**

**Finding 2022-002      Delay in Financial Reporting (Continued)**

**Effect:**

Delays in processing year-end closing procedures caused the financial statements release to be delayed. In addition, the County is neither in compliance with Uniform Guidance nor is it meeting its current demands for external financial reporting.

**Identification as a Repeat Finding, If Applicable:**

No.

**Recommendation:**

Auditor-Controller Department should look at increasing the amount of experienced accounting staff to help facilitate year-end closing processes and the preparation of its basic financial statements. Because the basic financial statements are the responsibility of the County, it is in its own best interest to closely monitor the accounting process to ensure that financial position and operating results are accurately and timely reported.

The following steps could be used to avoid future delays:

- Assign additional qualified accounting personnel to help process complex transactions;
- Identify critical due dates and develop a listing of assignment, including department coordinated items, based on available resources to meet those due dates;
- Hold periodic meetings to monitor the progress of assignments and responsibilities; and
- Conduct management review of financial statements and audit schedules prior to presenting them to the auditors.

Part 200 - Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Subpart D - Post Federal Award Requirements. Standards for Financial and Program Management. §200.303 Internal controls (2 CFR 200.303):

The non-Federal entity must:

- (a) Establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should be in compliance with guidance in “Standards for Internal Control in the Federal Government” issued by the Comptroller General of the United States or the “Internal Control Integrated Framework”, issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

**Section II – Financial Statement Findings (Continued)**

**Finding 2022-003      Internal Control Over Preparation of the Schedule of Expenditures of Federal Awards  
(Continued)**

**Criteria (Continued):**

Title 2 - Grants and Agreements. Subtitle A - Office of Management and Budget Guidance for Grants and Agreements. Chapter II - Office of Management and Budget Guidance. Part 200 - Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Subpart F - Audit Requirements. §200.510 Financial statements (2 CFR 200.510):

- (a) *Schedule of expenditures of Federal awards (the “Schedule”)*. The auditee must also prepare a schedule of expenditures of Federal awards for the period covered by the auditee's financial statements which must include the total Federal awards expended as determined in accordance with §200.502 [Basis for determining Federal awards expended.] While not required, the auditee may choose to provide information requested by Federal awarding agencies and pass-through entities to make the schedule easier to use. For example, when a Federal program has multiple Federal award years, the auditee may list the amount of Federal awards expended for each Federal award year separately. At a minimum, the schedule must:
- (3) Provide total Federal awards expended for each individual Federal program and the Assistance Listings Number or other identifying number when the Assistance Listings information is not available. For a cluster of programs also provide the total for the cluster.
  - (4) Include the total amount provided to subrecipients from each Federal program.

**Condition:**

Prior to submission to the Auditor Controller’s Office for compilation of the Schedule, the County departments needs to ensure that the information is complete and accurate. During our testing of the Schedule, we noted the following error:

- All of the federal assistance payments (\$2.8 million) for the Foster Care Title IV-E Program (93.658) were improperly listed under the Social Services Block Grant Program (93.667) in the amount of \$2.8 million, or 59% of the corrected amount.
- Emergency Solutions Grant (ESG) Program under-reported subrecipient expenditures by \$1,436,586, or 100% of the corrected amount.
- The State Planning Grants for Qualifying Community-Based Mobile Crisis Intervention Services (93.639) were improperly listed under the Block Grants for Community Mental Health Services (93.958) in the amount of \$828 thousand, or 34% of the corrected amount.

The errors were subsequently corrected by the auditor prior to performing the major program determination.

**Cause:**

The County’s Social Services and Behavioral Health Services departments currently lack a system of adequate communication and oversight controls to ensure that information submitted to the Auditor Controller for preparation of the Schedule is complete and accurate.

**Effect:**

There is an increased risk for material errors that may exist in the Schedule, which may not be prevented or detected on a timely basis.

(Continued)**

**Identification as a Repeat Finding, If Applicable:**

Yes. See Finding 2021-006.

**Recommendation:**

The County’s Social Services and Behavioral Health Services departments should continue to evaluate its existing process and controls related to its ability to properly account for, report, and timely submit complete and accurate federal award information to the Auditor Controller, which affords their ability to timely compile and produce a final Schedule pursuant to the Uniform Guidance.

**View of Responsible Officials and Planned Corrective Action:**

See separate Corrective Action Plan.

**Finding 2022-004      Internal Control Over the Payroll Process**

**Criteria:**

Management is responsible for designing, implementing, and maintaining appropriate internal control over the payroll process. In order to ensure accurate time reporting, department managers and supervisors should perform a timely review of each employee’s pay prior to the processing of payroll.

**Condition:**

During our testing over the County’s payroll process, we noted instances in which the County was unable to provide support for department managements’ approval of certain employees’ timecards. We sampled 60 transactions to test for timecard approvals. Of those, we observed 15 transactions in which there was no documented review and approval of the time input on the timecards.

**Cause:**

Lack of review of employee timecards can result in inaccurate employee pay, which is not detected timely. The County does not have sufficient procedures in place to ensure timely review of all employee timecards.

**Effect:**

There is an increased risk for errors or employees to receive pay for unapproved activities.

**Identification as a Repeat Finding, If Applicable:**

Yes. See Finding 2021-004.

**Recommendation:**

We recommend the County implement additional policies and procedures to ensure employee timecards are reviewed timely.

**Finding 2022-005 Internal Control and Compliance over Eligibility (Continued)**

**Condition:**

Out of 60 program recipients reviewed, the determination of need and amount of assistance for one (1) program recipient was incorrectly calculated due to the recipient casefile not being updated for the annual statutory cost-of-living-adjustment (COLA). The recipients casefile required the caseworker to run the Eligibility Determination Budget Calculation (EDBC) module to include the manual adjustment for the annual COLA. This procedure was not completed by the recipients caseworker. The Assistance payments totaling \$8,170,992 were disbursed to a population of over 250 program participants during the fiscal year ended June 30, 2022. A non-statistically valid sample of 60 program participants were selected for testing of the eligibility compliance requirement.

**Cause:**

Existing internal controls did not prevent, or detect and correct, the occurrence of benefits being miscalculated.

**Effect:**

The Imperial County Department of Social Service’s established internal oversight controls did not properly ensure that the applicant’s benefits calculation was appropriately reviewed and approved. Accordingly, there is an increased risk for benefits being miscalculated, which may not be prevented or detected in a timely manner.

**Identification as a Repeat Finding, If Applicable:**

No.

**Questioned Costs:**

No questioned costs were identified.

**Recommendation:**

Social Services should continue to monitor compliance with its policies to ensure case workers follow the established guidelines for redetermination of the recipients of need and amount of assistance and retain acceptable documentation to support the determinations.

All pass-through entities must:

- (a) Ensure that every subaward is clearly identified to the subrecipient as a subaward and includes the following information at the time of the subaward and if any of these data elements change, include the changes in subsequent subaward modification. When some of this information is not available, the pass-through entity must provide the best information available to describe the Federal award and subaward. Required information includes:
  - (1) Federal award identification.
    - i. Subrecipient name (which must match the name associated with its unique entity identifier);
    - ii. Subrecipient's unique entity identifier;
    - iii. Federal Award Identification Number (FAIN);
    - iv. Federal Award Date (see the definition of *Federal award date* in [§ 200.1 of this part](#)) of award to the recipient by the Federal agency;
    - v. Subaward Period of Performance Start and End Date;
    - vi. Subaward Budget Period Start and End Date;
    - vii. Amount of Federal Funds Obligated by this action by the pass-through entity to the subrecipient;
    - viii. Total Amount of Federal Funds Obligated to the subrecipient by the pass-through entity including the current financial obligation;
    - ix. Total Amount of the Federal Award committed to the subrecipient by the pass-through entity;
    - x. Federal award project description, as required to be responsive to the Federal Funding Accountability and Transparency Act (FFATA);
    - xi. Name of Federal awarding agency, pass-through entity, and contact information for awarding official of the Pass-through entity;

**Section III – Federal Award Findings and Questioned Costs (Continued)**

**Finding 2022-006 Internal Control and Compliance over Subrecipient Monitoring (Continued)**

**Criteria (Continued):**

- xii. Assistance Listings number and Title; the pass-through entity must identify the dollar amount made available under each Federal award and the Assistance Listings Number at time of disbursement;
  - xiii. Identification of whether the award is R&D; and
  - xiv. Indirect cost rate for the Federal award (including if the de minimis rate is charged) per § 200.414.;
- (2) All requirements imposed by the pass-through entity on the subrecipient so that the Federal award is used in accordance with Federal statutes, regulations and the terms and conditions of the Federal award;
- (3) Any additional requirements that the pass-through entity imposes on the subrecipient in order for the pass-through entity to meet its own responsibility to the Federal awarding agency including identification of any required financial and performance reports;

Title 2: Grants and Agreements, Subtitle A - Office of Management and Budget Guidance for Grants and Agreements, Chapter II - Office of Management and Budget Guidance, Part 200 - Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards Subpart D - Post Federal Award Requirements, Subrecipient Monitoring and Management, §200.332 Requirements for pass-through entities (2 CFR 200.332):

All pass-through entities must:

- (a) Evaluate each subrecipient's risk of noncompliance with Federal statutes, regulations, and the terms and conditions of the subaward for purposes of determining the appropriate subrecipient monitoring described in paragraphs (d) and (e) of this section, which may include consideration of such factors as:
  - (1) The subrecipient's prior experience with the same or similar subawards;
  - (2) The results of previous audits including whether or not the subrecipient receives a Single Audit in accordance with Subpart F of this part, and the extent to which the same or similar subaward has been audited as a major program;
  - (3) Whether the subrecipient has new personnel or new or substantially changed systems; and
  - (4) The extent and results of Federal awarding agency monitoring (e.g., if the subrecipient also receives Federal awards directly from a Federal awarding agency).

**Condition:**

During our testing of the Imperial County Workforce Development Office's (ICWDO) provisions for subrecipient monitoring under the WIOA Cluster, we noted the following instances:

For one (1) of the one (1) subrecipient selected for testing, there was no review or approval over the monitoring procedures performed by ICWDO monitoring staff. The entire population of one (1) subrecipient.

- The following information was not provided at the time of the subaward for one (1) of the one (1) subaward selected for testing:
  - Federal award identification number
  - Federal award date of award to recipient by the Federal agency
  - Name of federal awarding agency
  - Federal Financial Assistance Listing/CFDA Number
  - Identification of whether the award is research and development
- The County did not document their evaluation of each subrecipient's risk of noncompliance

**Section III – Federal Award Findings and Questioned Costs (Continued)**

**Finding 2022-006 Internal Control and Compliance over Subrecipient Monitoring (Continued)**

**Cause:**

The County’s ICWDO department does not have a formal procedure in place for the department’s review and approval over the monitoring procedures performed by the department over its subrecipients. The ICWDO department did not ensure that the required award information and applicable requirements were communicated to the subrecipients and did not maintain documentation of their evaluation of each subrecipient’s risk of noncompliance.

**Effect:**

The County’s ICWDO department did not review and approve monitoring procedures performed over its subrecipients. Additionally, the ICWDO department did not maintain policies and procedures to align with the Subrecipient Monitoring requirements in 2 CFR 200.332 (a) and 200.332(b).

**Identification as a Repeat Finding, If Applicable:**

Yes. See Finding 2021-008.

**Questioned Costs:**

No questioned costs were identified.

**Recommendation:**

Social Services should continue to monitor compliance with its policies to ensure case workers follow the established guidelines for redetermination of the recipients of need and amount of assistance and retain acceptable documentation to support the determinations.

**Section III – Federal Award Findings and Questioned Costs (Continued)**

**Finding 2022-007 Internal Control and Compliance over Reporting (Continued)**

**Criteria (Continued):**

The non-Federal entity must:

- (a) Establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should be in compliance with guidance in “Standards for Internal Control in the Federal Government” issued by the Comptroller General of the United States or the “Internal Control Integrated Framework”, issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

OMB No. 1205-0461 states that all Employment and Training Administration (ETA) grantees are required to submit quarterly financial reports for each grant award they receive. Financial data is required to be reported cumulatively from grant inception through the end of each reporting period.

**Condition:**

During our testing of Imperial County Workforce Development Office’s (ICWDO) provisions for reporting requirements, we noted the following instances:

- For two (2) of the two (2) quarterly reports from a nonstatistical sample, the amounts reported did not agree to the amounts recorded in the County’s general ledger and SEFA;
- For four (4) of the four (4) monthly reports from a nonstatistical sample, the amounts reported did not agree to the amounts recorded in the County’s general ledger and SEFA;
- For four (4) of the four (4) monthly reports from a nonstatistical sample, the reports were prepared, reviewed, and approved by the same individual
- For one (1) of the one (1) closeout report consisting of the entire population, the amounts reported did not agree to the amounts recorded in the County’s general ledger and SEFA;

**Cause:**

ICWDO did not ensure the amounts reported on the quarterly financial reports agreed to the amounts recorded in the County’s general ledger and SEFA and did not ensure there was segregation of duties over the preparation and review and approval of the monthly reports.

**Effect:**

The ICWDO department’s procedures were not consistently followed, which requires reports to agree to the amounts recorded in the general ledger and SEFA and requires reports to be reviewed and approved by a separate individual.

**Identification as a Repeat Finding, If Applicable:**

Yes. See Finding 2021-010.

**Questioned Costs:**

No questioned costs were identified.

**Recommendation:**

We recommend ICWDO adhere to their policies and procedures and ensure amounts reported on the quarterly financial reports agree to the County's general ledger and SEFA and ensure segregation of duties over the preparation and approval of monthly reports.

<b>Reference Number:</b>	<b>Financial Statement Finding 2021-001 (Material Weakness)</b> <i>Adoption of New Accounting Standard</i>
Audit Finding:	During our audit, we noted the County did not initially adopt GASB Statement No. 84, "Fiduciary Activities." Material adjustments were made to the closed trial balance in order to adopt the new accounting standard.
Recommendation:	The auditors recommended the County implement further policies and procedures in order to ensure all required accounting standards are implemented accurately and timely.
Status:	Implemented.
<b>Reference Number:</b>	<b>Financial Statement Finding 2021-002 (Significant Deficiency)</b> <i>Reporting and Closing</i>
Audit Finding:	During our testing over various account balances and activities, we identified twenty-three (23) material adjustments necessary to fairly state the financial statements
Recommendation:	The auditors recommended the County implement year-end closing processes in order to ensure the financials are fairly stated in all material respects, and completed timely.
Status:	Not implemented. See Finding 2022-001.
<b>Reference Number:</b>	<b>Financial Statement Finding 2021-003 (Significant Deficiency)</b> <i>Procurement/Purchasing</i>
Audit Finding:	During our testing over the County's procurement process, we noted one (1) instance in which the County was unable to provide documentation to support the procurement of goods in accordance with the County's purchasing policies. We sampled 40 transactions to test for procurement. Of those, 1 transaction selected for testing required informal solicitations of which, the County was unable to provide evidence of obtaining three quotes for the purchase. The purchase totaled \$9.4 thousand. Additionally, as part of our testing over purchases, we identified payments to vendors that exceed the approved purchase order amount are able to be processed within the County's accounting system.
Recommendation:	The auditors recommended the County implement additional policies and procedures to ensure documentation is maintained to support all County purchases. Additionally, we recommend the County set up internal controls within its accounting software to ensure processed invoices cannot exceed the related approved purchase order dollar amounts.
Status:	Implemented.
<b>Reference Number:</b>	<b>Financial Statement Finding 2021-004 (Significant Deficiency)</b> <i>Timecard Approvals</i>
Audit Finding:	During our testing over the County's payroll process, we noted instances in which the County was unable to provide support for department managements' approval of certain employees' timecards. We sampled 60 transactions to test for timecard approvals. Of those, we observed 22 transactions in which there was no documented review and approval of the time input on the timecards.
Recommendation:	The auditors recommended the County implement additional policies and procedures to ensure employee timecards are reviewed timely.
Status:	Not implemented. See Finding 2022-004.

<b>Reference Number:</b>	<b>Financial Statement Finding 2021-005 (Significant Deficiency)</b> <i>Journal Entry Approvals</i>
Audit Finding:	During our testing over the County’s tax allocation, we observed that the journal entry posted to record the allocation was not reviewed and approved by a separate individual prior to posting. Additionally, we noted there is no system control in place to prevent the posting of journal entries without a separate reviewer’s approval.
Recommendation:	The auditors recommended the county implement controls to ensure all entries posted to the County’s general ledger are reviewed and approved by a separate individual then the preparer prior to posting to the financial statements.
Status:	Implemented.
<b>Reference Number:</b>	<b>Financial Statement Finding 2021-006 (Significant Deficiency)</b> <i>Schedule of Expenditures of Federal Awards Reporting</i>
Audit Finding:	During our testing of the County’s SEFA, we noted the following: <ul style="list-style-type: none"><li>• Expenditures of \$28M could not be reconciled to supporting documentation.</li><li>• Various adjustments were necessary including adjusting CFDA numbers, program names and clusters.</li></ul>
Recommendation:	The auditors recommended the County continue to enhance its reporting procedures to ensure that defined federal expenditures are reported on the SEFA with all necessary identifying elements.
Status:	Not implemented. See Finding 2022-003.
<b>Reference Number:</b>	<b>Federal Award Finding 2021-007 (Significant Deficiency)</b> <i>Subrecipient Monitoring</i>
Program Identification:	U.S. Department of Treasury ALN 21.019 - COVID-19 Coronavirus Relief Fund
Audit Finding:	During our testing of the County’s County Executive Office (CEO) provisions for subrecipient monitoring over the Coronavirus Relief Fund (CRF), we noted the following instances: <ul style="list-style-type: none"><li>• The following information was not provided at the time of the subaward for four (4) of four (4) subawards selected for testing:<ul style="list-style-type: none"><li>○ Subrecipient’s unique entity identifier</li><li>○ Federal award identification number</li><li>○ Federal award date of award to recipient by the Federal agency</li><li>○ Subaward period of performance</li><li>○ Amount of federal funds obligated to the subrecipient</li><li>○ Amount of federal funds committed to the subrecipient</li><li>○ Federal award project description</li><li>○ Name of federal awarding agency</li><li>○ Federal Financial Assistance Listing/CFDA Number</li><li>○ Identification of whether the award is research and development</li><li>○ Indirect cost rate</li></ul></li></ul>
